- CashCourse
- College Loans 101

IIT Print

To access the university-wide printing system, please visit <https://print.iit.edu>. From there you can:

- See the printing costs for all the printers at the university;
- See the balance of your printing account;
- Upload a document to print;
- Release a document to a printer; and
- See your printing history.

To install the software that will allow you to print from any of your personal devices (e.g., computer, tablet, cell phone), please visit <http://mcmobile1.otsads.iit.edu:9163/setup>. Please note that this link is only available when you are on any Illinois Tech campus and connected to the university's network.

When you have exhausted your allotted printing credit, you can add funds for printing via TechCash. To add funds to your TechCash account, please visit <https://get.cbord.com/iit/>.
