**SUMMARY**

- Multiple award-winning thought leader, USA Today best-selling author, PMO advisor, and entrepreneur with 35+ years of professional experience spanning 50 countries, 40 Fortune 100 companies (covering every one of the 11 S&P industrial sectors), four universities, and the U.S. government.
- Delivers keynote speeches and one- to five-day seminars and workshops on a wide range of topics related to project management, leadership, and innovation. Receives perfect or near-perfect ratings in audience surveys.
- Experienced—as a practitioner, teacher, and researcher—in several project management methodologies including waterfall and agile.
- Received highest recognition three times (“triple crown”) from Project Management Institute (PMI) for outstanding global contributions in project management.
- Founded (1995) Kodukula & Associates, Inc., a project management training, coaching, and consulting firm. Co-founded NeoChloris, Inc. (2011) and 2Ci (2000), decarbonization and sustainable technology companies. Received several prestigious innovation and excellence awards.
- Through innovative technology solutions, saved clients several millions of dollars.

**PROFESSIONAL EXPERIENCE**

**NeoChloris, Inc., Co-founder and CEO** **2011 – Present**

- Leads a team of highly creative individuals involved in developing new technologies related to decarbonization, renewable energy, and environmental protection.

**Kodukula & Associates, Inc., Founder and CEO** **1995 – Present**

- Designs, develops, and delivers custom-tailored as well as off-the-shelf training programs for corporations and the government.
- Taught (U.S. and overseas) several courses of a PMI award-winning project management training program to more than one thousand project management professionals at IBM.
- Taught project management for more than 40 Fortune 100 companies, the United Nations, the World Bank, and the U.S. Departments of Commerce and Defense.
- Delivers seminars for PMI Training, a highly coveted global program. Also delivers several keynote speeches and seminars for various PMI chapters in the world.

**Constant Compliance, Inc. (2Ci), Co-founder and CEO** **2000 – 2011**

- Led development and commercialization of 2Ci’s patented technologies. Managed implementation of innovative environmental technology solutions for various agricultural and manufacturing industries. Recognized as the most innovative environmental technology company by the State of Illinois.

**Woodward-Clyde Consultants, Senior Project Manager** **1990 – 1995**

- Led multi-disciplinary project teams and managed a variety of engineering/design projects. Projects included design and construction of wastewater treatment plants, cleanup of “Superfund” sites, environmental permitting, and pollution prevention.
- Initiated two new “practice” areas and provided leadership in developing marketing initiatives, proposals, and technical solutions.

**Union Carbide, Senior Engineer** **1985 – 1990**

- Managed several R&D projects and developed innovative solutions to help the client facilities meet operational and regulatory requirements in the environmental area.
